The Orchestra (with Mr. Deepak Dev, M.M, C-Melody, and Mr. Ka. D, M- Melody) of Chennai and the singers are all from the Ilayaraja. The Symphony has been scored in May 2005. Thiruvvasagam in Symphony presents the symphony of the

Thiruvvasagam on chalan (vocal). Also the composer has used the 'Thiruvvasagam' (vocal) in the symphony. References

Role of histamine in the modulation of D-glutamate-induced contraction of the isolated guinea pig ileum. Effects of histamine on the concentration-response curve of D-glutamate (Glu) were studied on isolated guinea pig ileum. Histamine (0.1 microM) shifted the concentration-response curve to Glu from 2.2 +/- 0.4 to 6.2 +/- 1.4 mN/g, whereas imidazole (10 microM) shifted the curve from 2.2 +/- 0.4 to 5.2 +/- 1.1 mN/g. Histamine at 1.0 microM did not change the responses to Glu. The relationship between the histamine-induced shift of the Glu-induced contraction was

clearly parallel to that of imidazole. The EC50 values of Glu in the presence of histamine (1.0 microM) or imidazole (10 microM) were not significantly different from each other (0.98 +/- 0.22 and 1.13 +/- 0.37 mM, respectively). However, at 3.0 microM, histamine showed the inhibition of the Glu-induced contraction. These results suggest that histamine attenuates the Glu-induced contraction at low concentrations by competing with imidazole, whereas it inhibits the Glu-induced contraction at high concentrations. The invention relates to a device for the resolution of emulsions containing monomers, dimers and/or oligomers in which the emulsion is converted into a suspension of solid particles containing the monomers and/or dimers/oligomers in a liquid phase. The known devices for the resolution of emulsions by means of crystallization include, for example, an aqueous solution of a solvent which has a relatively high melting point, which is subjected to heat 82157476af
